

## From beginner to horseman/-woman

Recently, the mare "Scarlet" is owned by Dr. Arthur and Isabella Penn.

Under the guidance of Hans Ollmann Arthur and Isabella had intensive lessons in the ground work and riding – Arthur on „Scarlet“ and Isabella with one of our horses „Joana“.

As the pictures show, both are making very good progress.

Until "Scarlet" is brought to her new home, there will still be some lessons to follow, that the things, Arthur and Isabella have learned, will be perfected.

The most important concern of Pferdehof Ollmann is, that the new horse owners have a good handling of the horse – in both, the horse's and a man's interest.
