

## Gaited horses-course with David Lichman

On June, 19th and 20th a Gaited-Horses-course with \*\*\*\*Parelli Instructor David Lichman (US) took place at our farm.

13 participants with their horses, partly took quite a long journey to participate.

The participating horses were mainly Missouri-Foxtrotting-horses - mostly of our own offspring - and Iceland Horses. David was able to give valuable tips and suggestions - perfectly translated by instructor Berni Zambail. Thanks Berni!

It was a very successful course and the participants were impressed by David's lessons - competent, empathetic - and funny!

David, it has been a pleasure and a privilege to work with you!
