

## „Anabel“ arrived at her new home

On August 4th, we conveyed our one-year old mare "Anabel" 880 km to Hergenrath in Belgium to her new owner, Mrs Dr. Angelika Steffens. We arrived at the idyllic estate, which ist he home of 6 horeses by now, after an 11-hour-journey. Anabel stayed remarkably calm and relaxed during the long journey.

The herd watched the new arrival with great interest - amongst others her sister "Savannah" (pictured right), which we also had taken there 2 years ago.

Anabel and Angelika - that looks already very familiar ...

After all the excitement -  
Relax with coffee and cake, always keeping an eye on the horses.

The next day we had to say good-bye to Anabel ...  
as we know her in very good hands, we left putting our mind at rest.  
Thanks to Angelika and Steffi for the hospitality --  
and we wish you happiness and joy with Anabel!
